## **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

claim 10: --liquid-- has been inserted after "reflective";

claim 28: --liquid-- has been inserted after "reflective".

## REASONS FOR ALLOWANCE

2. Claims 10-36 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record does not anticipate nor render obvious to one ordinary skilled in the art a reflective liquid crystal display device comprising a combination of various elements as claimed, more specifically, at least one anti-reflection layer formed on the light shielding layer, the anti-reflection layer being a double layer of a metallic film and a film including Si that exhibits a refraction index different from a refraction index of the third interlayer insulating layer, the film including Si covering the gaps of the light shielding layer.

Shintani ('056) discloses a reflection-type LCD device comprising an antireflection film formed on a light shielding film. Niboshi (''215) discloses a device comprising an antireflective film having a double layer film with a particular thickness. However, neither fails to disclose a reflective liquid crystal display device comprising a combination of various elements as claimed,

Application/Control Number: 10/712,923

Art Unit: 2871

more specifically the anti-reflection layer being a double layer of a metallic film and a film including Si that exhibits a refraction index different from a refraction index of the third interlayer insulating layer, the film including Si covering the gaps of the light shielding layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

## CONCLUSION

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

## **CONTACT INFORMATION**

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Toan Ton whose telephone number is (571) 272-2303.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
